INTRODUCTION

Effective as of July 16, 2025

Executive Order (EO) 366, or Rationalization Plan, brought major reforms to the Department of Education. Many were affected by such reorganization especially those occupying non-teaching positions in the Schools Division Office (SDO), Regional Office (RO), and Central Office (CO). Such a move which took effect in 2013 was meant to improve the quality and efficiency of government services by focusing government efforts and resources on its core services.

With the rationalized structure, DepEd SOCCSKSARGEN Regional Office now operates with eight (8) Functional Divisions, one of which is the Quality Assurance Division (QAD). A Chief Education Supervisor spearheads the RO-QAD. Helping the Chief are the five (5) Education Program Supervisors (EPS), and one (1) Administrative Assistant (ADA).

The Quality Assurance Division (QAD) shall provide the Regional Office and the Schools Division Offices with a guide in decision-making and policy directions compliant with standards of quality basic education by promoting accountability and transparency towards continuous improvement. Along with its mandate are the Key Result Areas (KRAs) on Quality Assurance framework, Policies, Systems and Processes; Assessment, Monitoring, and Evaluation; and Regulatory and Developmental Services to Schools.

Specifically, QAD shall ensure that standards and guidelines are well-defined and relevant to the context of the region to have an effective and efficient delivery of basic education services, and that strategic directions, plan adjustments, and policies are anchored on the results of monitoring and evaluation and plan adjustment where resources are effectively and efficiently allocated and utilized based on needs, and that all schools are operating in compliance with the policies, guidelines, and standards by DepEd.

In adherence with Republic Act 11032, also known as the Ease of Doing Business and Efficient Government Service Delivery Act of 2018, which aims to streamline government procedures and reduce red tape in the office transactions, the Quality Assurance Division of this Office developed and implemented the Expanded Facilitative, Accessible, Streamlined and Time-bound Application for
